

It's that time again!

Winter is coming bringing with it the dreaded flu resulting in high absenteeism rates and low productivity.

Vaccinating against the flu can protect you and your employees, keeping you away from the doctor, hospital casualty visits and even hospital admissions.

Avoid the spread of flu and high absenteeism rates by ensuring your staff are vaccinated!

Cost including the Nurse

R105.00 per person subject to a maximum of 20 employees per day

Cost excluding the Nurse

Flu vaccination – **R75.00 per person**
Nurse per hour – **R250.00**
